

20 March 1969

The Honorable John O. Marsh, Jr.  
House of Representatives  
Washington, D. C.

Dear Jack:

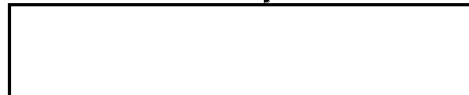

Many thanks for your letter of March 14. I am glad you had a crack at the Federal Executive Institute and I am sure they benefited from hearing you. Wish I had been there.

Sorry I haven't had a chance to drop in for a chat with you recently but we have been pretty busy. In the past few weeks I have been with the boss in appearances before the House Appropriations, Joint Committee on Atomic Energy, Subcommittees of Senate Appropriations and Armed Services, Mr. Pike's Subcommittee on the Pueblo, Defense and Military Construction Subcommittees of House Appropriations, Senator McIntyre's Subcommittee on Science and Technology and House Armed Services. It sort of kept us on the run but I hope (and indeed believe) that we have come through fairly satisfactorily.

Anyhow I trust things may quiet down just a bit now and we will have a chance to get together and talk about the world in general and the Seventh District in particular. Meanwhile, all the best.

Sincerely,

STATINTL

John M. Maury  
Legislative Counsel
